801 Suggestion Program

Effective Date: 05/14/2009

Revision Date:

As employees of Lakeland Library Cooperative, you have the opportunity to contribute to our future success and growth by submitting suggestions for practical work-improvement or cost-savings ideas.

All employees are eligible to participate in the suggestion program.

A suggestion is an idea that will benefit Lakeland Library Cooperative by solving a problem, reducing costs, improving operations or procedures, enhancing customer service, eliminating waste or spoilage, or making Lakeland Library Cooperative a better or safer place to work. Statements of problems without accompanying solutions or recommendations concerning co-workers and management are not appropriate suggestions.

All suggestions should contain a description of the problem or condition to be improved, a detailed explanation of the solution or improvement, and the reasons why it should be implemented. If you have questions or need advice about your idea, contact your supervisor for help.

Submit suggestions to your supervisor or the Cooperative Director.
